

## INDIAN HOLLOW PRIMARY SCHOOL FOOTWEAR GUIDELINES

Dear Parent/Guardian,

Please be advised that our students participate in physical education activities and outdoor recreation on a daily basis. In accordance with our District's Physical Education Plan, students are required to complete 120 minutes of physical activity each week. In addition, classroom teachers are exercising with the children daily.

**Please be sure your child wears the *proper rubber soled footwear or sneakers each day*.** Inappropriate footwear, such as backless shoes, clogs, crocs, flip flops, sandals, work boots, or heeled shoes will prevent your child from participating in important physical activities and, most importantly, could cause an injury. **For safety reasons, under no circumstance will a student be permitted to wear flip flops to school.**

The safety of our students is our primary concern. We appreciate everyone's effort to maintain a safe and physically fit school. Thank you for your support.

Sincerely,  
Site-Based Management Team
