

The warm weather is here!

Please make sure your child has on the
APPROPRIATE FOOTWEAR

Sneakers or shoes that completely enclose the foot are considered to be appropriate footwear to be worn.

Platform shoes, crocs, sandals and flip flops are considered inappropriate footwear. These types of shoes pose a danger to children engaged in active play, and compromise their balance and coordination.

For safety reasons, students will not be permitted on the playground with inappropriate footwear.

Sneakers are definitely the preferred footwear for school.

If children wear rubber soled shoes other than sneakers, they must have a closed toe and closed back around the ankle.

*Be aware that students must wear sneakers in order to participate in physical education.

The safety of our children is of
utmost importance.
