

North Ridge Families

“*The Giving Tree*”, by Shel Silverstein follows the story of the relationship between a tree and boy. The tree gives the boy selfless love throughout his life. At the end of the story, “the tree was happy” knowing she supported the boy as he grew into an elderly man.

A warm thank you to the families and staff that have kept our Giving Tree growing, the generosity and support of our community has provided comfort to our families in need.

There are several families within the North Ridge community who are having financial difficulties.

We would like to continue helping them. The Giving Tree will be on display during the Parent Teacher Conferences on March 14th and March 15th. Please take a flower and help make someone’s life brighter!

Thank you in advance for your generosity.
