

Homework Policy

◆-----◆
2 points - all questions are answered with all work/process shown as modeled in class.

If you do not understand a question(s):

- a) write out the question **OR**
- b) explain in words what you did not understand about the problem.

Remember to leave space so you can fill in the work when I go over the question(s) in class.

◆-----◆
1 point - one or more questions are left blank with no indication that an attempt was made to solve the problem.

◆-----◆
0 points - homework is not in class at the time that it is being checked. Please fill out "missing homework" form in the black bucket and hand it to me when I get to your desk to check the homework.

◆-----◆
If you are absent - a zero will be placed on Infinite Campus. It is your responsibility to show me the missing homework assignment upon your return to school **or** the **very** next school day. Once you show me the missing homework assignment, the zero will change to either a 1 or 2 - see homework policy.

Homework:

- reinforces classroom concepts
- highlights misconceptions
- instills a sense of responsibility
- creates good work habits
- provides a sense of accomplishment
