CAREER, COMPUTER & TECHNOLOGY GRADUATION REQUIREMENT:

9th graders will be scheduled for Career and Financial Management (CFM).

If a student is interested in a course below, they will have the opportunity to select it when meeting with their counselor:

- Math Research Grade 9
- Science Research 1
- Computer Programming Using Python
- PLTW Design and Drawing for Production
- PLTW/AP Computer Science Principles
- Computer Repair Academy

2021-2022 9th GRADE ELECTIVE COURSE OFFERINGS

ELECTIVES:

If space allows in a student's schedule for an additional elective, they will have the option to select this when meeting with transition counselors.

- Please choose 3 in order of preference, in the event their first choice cannot be accommodated.
- These choices can be from any section(s).
- Course availability or scheduling conflicts may result in a study hall being assigned.
- All 9th grade students are expected to have a lunch period in their schedule.

Please note: required courses may prevent some students from having electives in 9th grade.
