LEADERSHIP

Questions from the Board of Education?

Committee Updates

Legislative Advocacy Committee Update

The Legislative Advocacy Committee (LAC) was established to assist the Board of Education in implementing solutions regarding legislative matters. The committee is charged with effectively communicating Commack's needs to our local, state, and federal elected representatives.

The Legislative Advocacy Committee is comprised of the Superintendent of Schools, Board of Education members, Commack residents, High School students, Commack staff, members from the collective bargaining units and community members.

LAC will be holding its first meeting on October 16.

Multicultural Committee Update

The Commack School District's Multicultural Committee is dedicated to celebrating the diversity of our district and offering our students and families a platform to embrace and share their unique backgrounds and experiences.

The committee consists of students, teachers, administrators, and parents and meets once a month to explore opportunities to highlight diversity as a unifying force in our district. The Committee also plans our district-wide Multicultural Festival.

Earlier this week, we sent out a survey to the community and it can also be found on our district website. If you are interested in joining the committee, ***please complete the survey by Friday, September 15th.***
