

Commack's Dual Enrollment Classes

COLLEGE CREDITS EARNED THROUGH
HIGH SCHOOL COURSES

What are Dual Enrollment Classes at CHS?

- ★ An opportunity for students to challenge themselves with college courses and earn college credits while learning in their high school environment
- ★ All courses offered carry credit which, if paid for, may be applicable toward a degree at other colleges and universities

Benefits to taking a Dual Enrollment Class?

- ★ Build a strong academic resume, to be used when applying to college
- ★ Challenge oneself in an area of interest/passion
- ★ Prepare for the rigors of college level courses
- ★ Enter college with an understanding of the work ethic necessary to be successful
- ★ Enter college with college credits potentially towards a degree
- ★ Course weighting 1.10 (impacts weighted GPA)
- ★ Credits offered at significantly discounted price (typically there are no fee waivers)
- ★ Colleges will assess credit/value of dual enrollment course on its entirety and not a single assessment at years end

Affiliated Colleges with CHS's Course Offerings

- ★ Adelphi University
- ★ Molloy University
- ★ Long Island University - High School Scholars Program
- ★ Rochester Institute of Technology - Project Lead The Way (PLTW)
- ★ St. John's University
- ★ Suffolk Community College - Beacon Program
- ★ Syracuse University Project Advance (SUPA)
- ★ Five Towns College
- ★ St. Joseph's University

Adelphi University

ADELPHI UNIVERSITY

<u>HS Course Name</u>	<u>College Course Name</u>	<u>Course Code</u>	<u>Credits</u>

University Contact:	Kaitlyn Mottola (631) 687-4503		
Scholarship Opportunity:	Available for those who attend St. Joseph's University as an admitted Freshman.		

Registration Process

- ★ Beware of registration deadlines as these are set by the individual college, not CHS
 - Fall Semester or Full Year Courses are typically during September and October
 - Spring Semester Courses are typically during January and February
- ★ Each Dual Enrollment course is registered directly through a link provided by the college
 - The registration process is posted in the Google Classroom for a specific course as well as discussed within that specific class
- ★ Prior to registration, please make sure this is a course you plan on remaining in for the duration, as withdrawing from the course does not guarantee a refund
- ★ Check for an email confirmation once registered
- ★ For assistance you can reach out to your classroom teacher, the CHS Liaison for that specific college and/or the college contact (located in the Curriculum Guide pg. 24)
 - [Curriculum Guide](#)

Do these credits transfer to a specific college?

- ★ You can review each prospective college's specific credit transfer policies on their website or by contacting the appropriate department at the college or university
- ★ Please note that it is at the discretion of individual colleges whether or not they accept college credits taken in high school
- ★ Factors that are included in this individual decision include, but are not limited to:
 - The major the student is applying to
 - Level of college course
 - Total number of college credits earned
 - The subject area of the credit
 - The grade earned in the course

How do I send my Dual Enrollment Course transcripts to the college I attend?

- ★ Visit “CHS Advanced Programs College Courses” Page and utilize the links affiliated to the specific college to request an official transcript
 - [Advanced Programs College Courses](#)
- ★ Only send transcripts to the college you are attending, not the ones you are applying to
- ★ Typically this is completed in July of senior year, prior to arriving at college in the fall
- ★ CHS and school counselors do not have access to these individual college transcripts, nor do they have a list of students who paid for the corresponding college credit
- ★ When you apply to colleges, on your CHS Transcript it will signify that a course is a Dual Enrollment course based on the title (“College”) and weighting (1.1)

Thank You for Attending!

WE ARE CHS!
