Re: School Physicals

Parents/Guardians who have elected to have a private physical for their child, but have not as yet sent in the completed physical form, should do so immediately. It is a New York State Law that children in Kindergarten, Grades 1, 3, 5, 7, 9, 11 and all new entrants have physical examinations. Therefore, if we do not have your private physician's examination form on file when the school physician's assistant starts the school examinations, your child will have a physical done by the school's physician's assistant. We recommend children receive Hearing and Vision (near and distance) Screenings as part of their physicals so students do not have to be pulled from class.

Physical Forms are available on the Commack website and can be found on the Student Health & Nurses' Page. All private physicals will be accepted from September 2021 until present, provided they are signed and stamped by your child's physician.

Thank you for your cooperation.
