

Wood Park Primary School
15 New Highway
Commack, NY 11725

October 21st, 2021

Dear Wood Park Families,

Tomorrow we will be introducing the Wood Park students to our school-wide positive behavior support system, The Principal's 200 Club. This program involves catching students "being good" or showing expected behaviors throughout the school day and then publicly recognizing them for their behavior.

Each week, teachers are given a set number of Principal's 200 Club Tickets, which are handed out to students showing expected behaviors. When a student gets a ticket, they then go to the front lobby to choose a number from 1 – 200. Their name is then written on our Principal's 200 Club board on that number, which is displayed in the main hallway. The students also earn a special pencil to take home.

When all of the numbers in a row or column fill up with names, all of the students in that row or column (similar to Bingo) earn a special "mystery motivator" reward. All students who are on the board also earn a Principal's 200 Club Certificate. Once we have a winning row or column, the board is erased and the process begins again.

We are very excited to be able to implement this program this year at Wood Park! Please do not hesitate to reach out with any questions.

Thank you,

Dr. Hettrich, School Psychologist
