Constituent Inquiries: Inquiries arose regarding the procedure for earrings and footwear and the related flyer that went home and is posted on Backpack News. The wearing of earrings and non-sneaker footwear during recess and PE time is a safety concern. Policy comes from the district; procedure, practice and protocol are building level.

Old Business:

- 1. Seasonal flowers will be planted in the benches by the new walker door. Paw prints are ready to be displayed.**

New Business:

- 1. Confidential draft of an updated North Ridge Hand Book was given to SBMT members for their review and discussion for next meeting. Final version will be found online and contain “clickable” links for school/district resources and information.**
- 2. Wood Park sensory walk video presentation was viewed. Type of walk, feasibility, location (which hallway), cost, teacher feedback, and training will be further discussed. The goal of the walk is to support educational experiences in a multi-sensory manner without compromising current routines.**
