Introduction

The Comprehensive and Developmental School Counseling Program outlined below highlights Commack School District's ongoing commitment to maintain high standards and provide academic, social emotional, and post-secondary support for all students in Kindergarten through grade 12.

This program shall be data-driven and developed annually to include program objectives, activities, program development and maintenance planning, school counseling curriculum, evaluation methods based on data analysis of program results and closing the gap analysis reports to inform program improvement, and assessment of the resources necessary to support positive student outcomes.

To achieve this goal, the District is committed to ongoing efforts aimed at setting and maintaining high expectations for all students and building the capacity for all students to succeed. This is done within a systematic K-12 framework which acknowledges the academic, physical, and social development of pupils in distinct stages over time and the satisfaction of National School Counseling standards.

Of critical importance to the District's comprehensive effort is the role of its counseling and related services components for students, families, and teachers. The explanation and coordination of these responsibilities K-12, are articulated in this School Counseling Program. It is intended to assist educational stakeholders in assuring the academic and social success of all pupils.

Commissioner's Regulations 100.2

a. Guidance programs

1. Each public school district shall have a comprehensive developmental school counseling/guidance program, for all students in kindergarten through grade 12. Each school district shall ensure that all students in grades kindergarten through twelve have access to a certified school counselor(s).
2. For all grades kindergarten through twelve, district and building level comprehensive developmental school counseling/guidance programs shall prepare students to participate effectively in their current and future educational programs as age appropriate. Additionally, the program shall be designed to address multiple student competencies including career/college readiness standards, and academic and social/emotional development standards.
 - i. Beginning with the 2020-2021 school year, in grades kindergarten through five, the program shall be designed by a certified school counselor in coordination with teaching staff and any appropriate pupil personnel service providers. The program shall be designed for the purpose of preparing students to participate effectively in their current and future educational programs, to provide information related to college and careers, and to assist students who may exhibit challenges to academic success, including, but not limited to, attendance or behavioral concerns. The program shall also, where appropriate, make a referral to a properly licensed professional and/or certified pupil personnel service provider, as appropriate, for more targeted supports.
 - ii. Beginning with the 2020-2021 school year, for students in grades six through twelve, certified school counselors shall provide an annual individual progress review plan, which shall reflect each student's educational progress and career plans. For a student with a disability, the plan shall be consistent with the student's individualized education program.

- a. An annual review of each student's educational progress and career plans, with such reviews to be conducted with each student individually by personnel certified or licensed as school counselors;
- b. Instruction at each grade level to help students learn about various careers and about career planning skills conducted by personnel certified or licensed as school counselors, or by classroom teachers in cooperation with school counselors;
- c. Other advisory and individual or group counseling assistance to enable students to benefit from the curriculum, to help students develop and implement postsecondary education and career plans, to help students who exhibit any attendance, academic, behavioral or adjustment problems and to encourage parental involvement, provided that advisory assistance shall be provided by teachers or counselors, or by certified teaching assistants under the supervision of counselors or teachers, and that such individual or group counseling assistance shall be provided by certified or licensed school counselors or by certified or licensed school psychologists or certified or licensed school social workers in cooperation with school counselors.

The Commack School District Mission Statement

Within the context of a caring community of learners, our primary mission is to provide an exemplary learning experience that will allow each child to acquire the necessary knowledge, skills, attitudes, and values to become a successful, contributing member within our school community and greater society.

Counseling Mission Statement

The mission of the Commack Comprehensive & Developmental School Counseling Program is to provide all K–12 students with a comprehensive school counseling curriculum centered around the development of the whole child. In partnership with parents, administrators, teachers, support personnel and community members; school counselors will foster social emotional growth, academic success, college and/or career readiness skills, independence and self-advocacy that will enable them to be lifelong learners and productive citizens.

Commack Board of Education Goals 2020 – 2021

Curriculum, Instruction, and Assessment:

- Support the development and on-going enhancement of a well-balanced, developmentally-appropriate curriculum that allows all students to be prepared to accomplish their individual goals.
- Provide for an education in which all students can learn the social, emotional, academic, and physical competencies in an environment that is as safe and healthy as possible.
- Continue to ensure that all students have access and opportunity to engage in diverse curricular and multitude of extracurricular activities.

District Business and Operations:

- Continue to support the District's multi-year plan for the maintenance and the improvement of District facilities in order to provide students and staff with a healthy and safe learning and working environment.
- Continue to develop a fiscally conservative budget that helps maintain the integrity of Commack's programs and aligns with the community's expectations.
- Through efforts in community engagement, explore the option of a multi-million-dollar bond issue to continue to support the districts capital improvement and enhancement projects.

Board Governance and Advocacy:

- Establish a Strategic Planning Commission to engage the school community in the development of an Instructional Strategic Plan that sets the priorities and guides decisions regarding the allocation of resources from SY21 through SY25.
- Continue with the District's advocacy efforts related to the best interests of students, staff, parents, and the community.

Counseling Department Goals

For the 2020-20 school year, the committee has chosen the following goal to evaluate and improve.

- Ensure that support is provided to all students to successfully transition from middle school to high school as developmentally appropriate in the areas of academics, and social-emotional wellbeing.

The Commack School District Counseling personnel fully support the district's goals. To do so, the Counseling Department will seek to:

- Assure academic, social and emotional success for all students as per the outcomes of all counseling efforts.
- Promote the development of principled, global citizens who are knowledgeable, open-minded, caring and reflective.
- Assist in the development of interpersonal communication skills, problem solving and inquiry skills.
- To adopt a "Whole School, Whole Community, Whole Child" model to improve student outcomes.
- Provide timely and effective communication with students, parents, teachers and administration on all matters germane to its responsibility.
- Continuously educate the students and community as to the expectations of the Commack School District's experience: including graduation requirements, assessments, and the breadth of academic, career oriented and social-emotional learning opportunities provided through school programming.
- Provide and support career and college education awareness and planning at all levels K-12.
- Coordinate counseling, consulting, and related services efforts of all support components within the School District.
- Prepare students to succeed responsibly in post-secondary education and/or the workplace.
- Annually update the Comprehensive & Developmental School Counseling Program in coordination with School Counselors.
