

COMMACK HIGH SCHOOL | September – 2023

There is so much to be proud of at Commack High School, from our award-winning academic programs to our robust extra-curricular and athletic offerings to the many accomplishments of our students and staff! We want all of our school community members to feel this pride and appreciate the opportunities they have available to them each day. Part of the work we will be doing during the 2023-2024 school year will be to take time to celebrate the many unique and exciting parts of Commack High School. Being engaged at Commack High School can take many forms such as being physically present in school, participating in class, joining a new club, trying out for a sports team, or attending a school event. Throughout the year, we will work with our students and staff to find ways for everyone to engage with our school community in a manner they find fulfilling. Through engagement, we can foster a sense of connectedness and pride in being a member of the Commack High School community.

As we begin the 2023-2024 school year, we encourage our students and staff to become familiar with the many resources available to assist them on a daily basis:

- **Office of Student Life** – oversees our extracurricular offerings to guide students and staff on ways to engage in school and community events. The Office of Student Life is located in the Student Cafeteria. One of their first events will be our Club Fair, date to be announced soon, and our Pep Rally which will be on September 29!
- **Office of Athletics** – oversees our athletic and intramural programs. The Office of Athletics is located outside of the South Gymnasium. If you have any questions regarding any of our 39 athletic teams or intramurals, be sure to speak with your physical education teacher.
- **Office of Student Affairs** – seeks to be a resource to our students and staff for matters that are non-academic in nature like how to park on campus, problems with lockers and many other concerns. The Office of Student Affairs is located on the main hallway near the Student Study Center. Through our Welcome Back Assemblies during the second week of September, Mr. Elmore, our Director of Student Affairs, will share more about how the office can help you have a positive and safe experience at Commack High School.
- **Office of Student Academic Programs** – coordinates our academic programs (AP, IB, PLTW) and can guide students and staff about the ways they can engage in our educational programs. The Office of Student Academic Programs is located between the Main Office and the Counseling Center. Throughout the year the office will hold informational sessions for students and families about the incredible programs we offer at CHS that tap into student strengths and passions.
- **Counseling Center** – our experienced school counselors are available to be the ultimate resource for our students, staff, and families. The Counseling Center is located on the main hallway. Our counselors help with all aspects of life at CHS!

These are just some of the many resources available to our students and staff at Commack High School. It is our hope that during the 2023-2024 school year, our school community will utilize these and many more resources to engage with Commack High School in new and exciting ways. “We are CHS”!

Think about new ways to become engaged with your learning community.
