

September 17, 2018

Dear Parents:

Greetings and welcome to a new school year. We are looking forward to a successful and rewarding year with your child. The Superstars in Room 209 have been hard at work and we have had a wonderful first few weeks of school! We have spent time reconnecting with old friends and getting to know new ones. We have a great team in place and I am confident that we are going to have a fantastic year.

In math, we are reviewing addition and subtraction and will begin focusing on place value. In science, we are learning about electricity and performing hands on experiments. We have launched Reader's Workshop and have read some great books together. The children love sharing their points of view and thoughts on the books and the characters. We have even done some writing about ourselves!

A strong communication between home and school is imperative for success. If the need arises and you wish to speak to me do not hesitate to call, send an email, or write a quick note. Please feel free to contact me by email at mkalonaros@commack.k12.ny.us with any information, questions or concerns. Also, please visit my Teacher Website (link can be found on Commack School District homepage for classroom information.

I am excited for what this school year holds. By working together, we can help your child have a very fulfilling learning experience. I look forward to seeing you all at Open House on Monday, September 17th at 6:30.

Warmest regards,

Mrs. Kalonaros
