

THE 7 LITTLE HABITS

Based on the works of Stephen and Sean Covey

By Ginamarie Gromalski

*There once were 7 Little Habits,
Who were happy all of their days.*

*Each a little leader
having character in BIG ways.*

Habit 2 - "Begin with the End in Mind;"

she had her goals all set.

*She planned ahead and worked real hard
'til all her goals were met.*

Habit 4 - thought "Win-Win;"
*fair was how she'd always be.
She did what was best for her
as well as you and me.*

Habit 6 - "Synergize;"

"TEAMWORK" was what he'd say.

*Celebrate Diversity
in each and every way.*

*The first was responsible,
Habit 1 - "Be Proactive."
He always made good choices,
and never was reactive.*

Habit 3 - "Put First Things First;"

*he always got tasks done.
He made sure he prioritized
and completed every one.*

Habit 5 - "Seek First to Understand,
Then to Be Understood."

*She listened real well to others
and helped as best she could.*

Habit 7 - "Sharpen the Saw;"

*she took care of herself - mind, body, and heart.
She gave her body what it needed
and balance was her start.*

*All 7 Little Habits, building character -
Practice them through and through;
Because one thing I forgot to mention
each Habit lives in YOU!*
