

Registering multiple students' access codes for Pearson BaccaLaureate eTexts

For registering multiple students' access codes in year 1, to keep control of the access code details, we would advise the teacher to follow these instructions:

1. Go to: www.pearsonbacc.com/etextregister
2. Select "Register"
3. Accept the Terms and Conditions

Then you are taken to this screen:

The screenshot shows a web browser window with the URL <https://register.pearsoncmg.com/reg/register/reg1.jsp>. The page is titled "Steps to Register" and has three progress indicators: "Access Information" (selected), "Account Information", and "Confirmation & Summary". The "Access Information" section includes a question "Do you have a Pearson Education account?" with "No" selected. Below this are fields for "Create a Login Name" (with a "Check Availability" button), "Create a Password" (with a "Strength: Good" indicator), and "Re-type your Password". There is also a link "Not sure if you have an account?". The "Access Code" section has a field for "Enter your access code" with a dropdown menu showing options like "ISSCMS", "GUESS", "ASDIC", "MINNA", "HIGHS", and "CHEWA". An "Example" box shows "SIMPLE-FRILL-TONLE-WEIRS-CHOIR-FLEES". A "Switch to a single box for pasting your access code" button is also present. At the bottom, there are "Cancel" and "Next" buttons. The footer contains copyright information: "Copyright Pearson Education, 1997-2014" and links for "Customer Technical Support", "Privacy Policy", and "License Agreement".

4. Answer "No" to the question "Do you have a Pearson Education Account?"
5. Create a unique generic login name, such as "Student1@yourschoolname"
6. Create a unique generic password, such as "Password1"
7. Enter the unique access code from the access card/inside front cover of the printed textbook into the "Access Code" field.

Then you will be taken to this screen:

8. Enter your own details under "personal information", including your own email address.
