Reflective Essay (Student and Parent/Guardian must sign this form below)

Review your responses in each of the charts (Academics, Service to Others, and Activities). Develop a reflective essay of about 250 words in which you (a) discuss how your efforts and achievements show that you are developing one or two of the I.B. Learner Profile traits and (b) describe how you could continue to strive toward developing that trait or those traits throughout your life.

[We suggest you create a bulleted list, as you do for ELA essays, before you begin writing.]
