Sample Application for W.I.L.D.C.A.T. Recognition

World IB Learner Dedicated to Community, Academics & Teamwork

Reflective Essay

Review your responses in each of the charts (Academics, Service to Others, and Activities). Develop a reflective essay of about 250 words in which you (a) discuss how your efforts and achievements show that you are developing one or two of the I.B. Learner Profile traits and (b) describe how you could continue to strive toward developing that trait or those traits throughout your life?

This reflective piece must be signed by you, the student, and co-signed by your parent or guardian.

[We suggest you create a bulleted list, as you do for ELA essays, before you begin writing.]

For example:

- (a) *I have shown that I have two LP traits (more than others): being caring and balanced*
- *Caring - I try to do nice things for others, like inviting someone who's eating all alone to sit at our table in the cafeteria*
 - *Balanced - I try to be in a lot of different activities - like sports the best*
- (b) *How I will strive to always be caring and balanced*
- *stay on sports teams, join new ones in high school*
 - *think of who needs help - at school, in my community, and later at my job*
 - *participate in fund-raisers at school and my temple*
 - *volunteer as a grown-up to help others*

[There is no sample essay.]

Student signature: _____

My signature below indicates that I have discussed with my child his/her developing the traits of the Learner Profile and that I have offered my child guidance and assistance in further developing those traits that he/she and our family value most.

Parent/Guardian signature: _____
